### Biography

Jennifer Lee Mills holds a Master of Landscape Architecture from the Harvard Graduate School of Design and a Bachelor of Arts in Architecture from the Sam Fox School of Architecture at Washington University in Saint Louis. Jennifer is project designer on Reed Hilderbrand's renovation of Duke University's historic West Campus. At the GSD Jennifer worked with a research team investigating the history of materials and construction in Central Park as a case study in applying embodied energy quantification to landscape architecture. She is also continuing her research on how social selective pressures shift the cultural significance of urban tree species.

### Education
